

Our range of services

We can provide a wide range of services that complement but do not replace the support of family and professionals. All services and activities are tailored to the needs of the carer and the person they care for:

- Planning visits, outings and trips and escorting to appointments and classes
- Social visits and companionship
- Supporting mobility
- Help around the home such as meal preparation and light housework
- Sleeping and disturbed night care
- End of life care
- Helping with personal care including washing, dressing and incontinence
- Supporting those living with Alzheimer's or other forms of dementia

Crossroads Care West London is funded largely by grants and donations. Our services may be free for clients who meet certain criteria. Crossroads can also be engaged on a private basis.

“Very Caring Professionals”

Do you need a little help?

There are so many things that make the place you call home special. That is why Crossroads Care West London offers one to one care for the daily activities that may not be as easy as before.

Family members and friends cannot always be there, so we take great pride in making sure your dedicated care worker is the next best thing. Because it begins with trust, only the most trusted and enthusiastic people are selected to work with Crossroads.

We personally introduce you to a care worker who is:

- Matched to your needs, preferences and lifestyle
- Friendly and professional
- Reliable and dependable
- Trained and insured

Our dependability, quality of care and accountability have earned a high level of trust from our clients, their family members and friends. We also work closely with our colleagues in health and social care and other voluntary organisations.

(We thoroughly vet the background of all care workers and complete enhanced criminal record checks)

...we care because you care
